

“Unnati Portal” (<https://unnati.gov.in/>)

“उन्नति – रोज़गार से विकास तक”

Unnati is a digital solution developed by the Government of India that aims to provide livelihood access to blue and grey collar workers in India and supports the vision of Atmanirbhar Bharat. It is a labour matching platform that seeks to bridge the gap between job seekers looking for work and job-providers looking for workers through a robust open source technical architecture. It is an omni-channel platform that is currently available over phone and web. Its ‘platform of platforms’ approach is capable of facilitating integration with different government schemes skilling and worker benefit programs internal systems of companies and several other initiatives over time.

Unnati Portal is a job portal created by the Government of India to provide employment to about 200 million people of India equipped with new technology as per their requirement and ability. Using Artificial Intelligence (AI) and other modern technologies, one can easily contact employers / employment providers anywhere in India based on their preferred location and industry and skills. The portal is to provide a platform of lively contact between the job seekers and employment providers in 09 languages through audio-visual medium using less words, so that the person gets quality planning even beyond the geographical boundaries of the states.

Unnati Portal will work through Android App (<https://play.google.com/store/apps/details?>) And web portal (<https://jobseeker.unnati.gov.in/>) , On which employment and employment providers will be able to register and fulfill their requirements according to their needs in just 01 minute. The portal will generate employment in many reputed large, medium, small and micro companies.

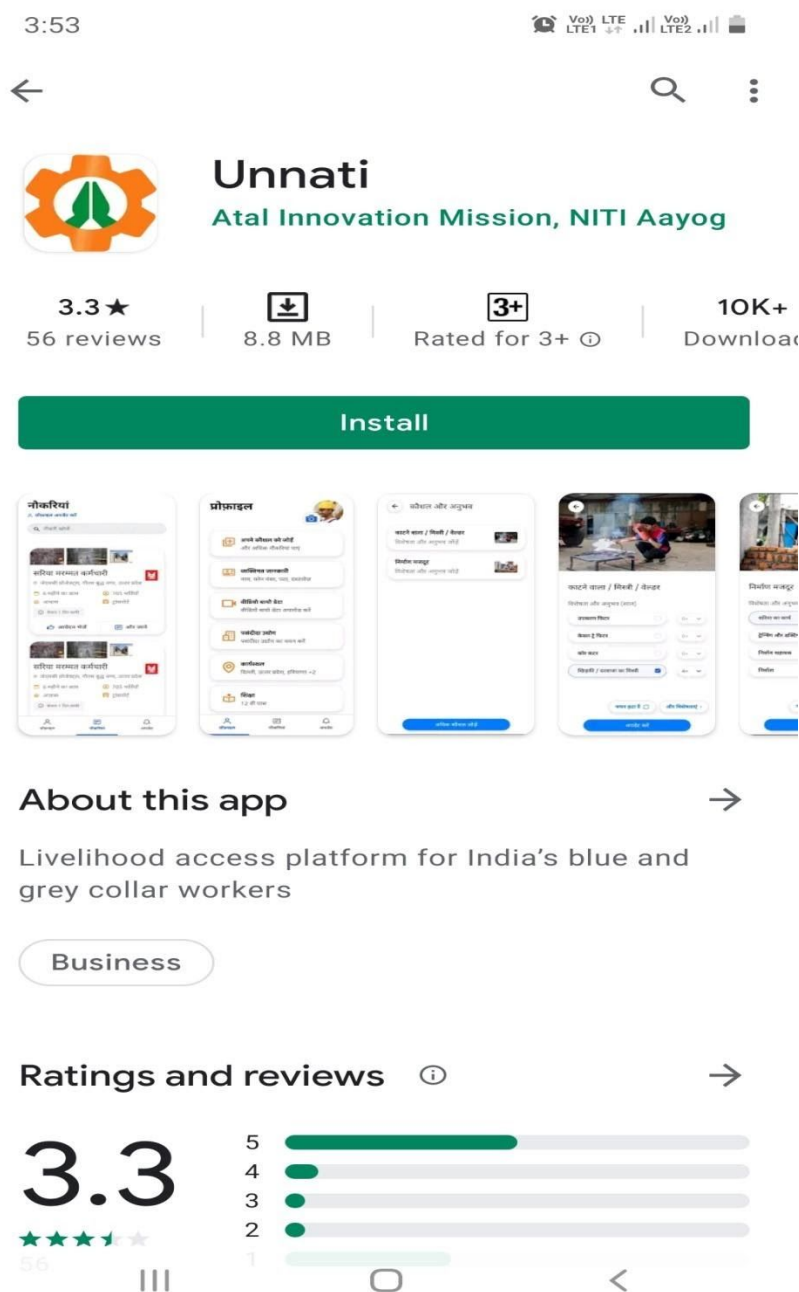

Objectives of “Unnati Portal”

1. Providing information about skill set training for BLUE and GRAY collar workers, qualifications and other related information, so that there is an increase in their placement possibilities and they can be appointed.
2. To bring job seekers and job providers under one platform.
3. To provide proper placement option through ARTIFICIAL INTELLIGENCE BASED technology.
4. To prepare job seeking individuals PROFILE/ RESUME in a very simple way.
5. To provide different trainings, self-employment and information related to employment under same platform.

Unnati Portal will work through Android App (<https://play.google.com/store/apps/details?>) And web portal (<https://jobseeker.unnati.gov.in/>).

Following are the steps to use unnati mobile aap:-

- Download the unnati mobile aap on mobile phone.

Step by step user guide to use the aap for registration and finding the job:-
